

**Jackets
State Contest 2001
Intermediate
Situation**

Carrie will be a freshman in high school and she is looking for a jacket for school this fall. She has decided she does not have enough time to shop at the stores so she will order from an Internet site.

Her mother has agreed to place the purchase on her credit card. Carrie wants to spend approximately \$75.00 or less including shipping and handling.

She would prefer fleece in a below the waist style, preferable in red or navy, her two favorite colors. Carrie wants something machine washable.

Which jacket is the best choice for Carrie?

Criteria:

1. \$75.00 or less
2. Fleece with below the waist style
3. Red or navy
4. Machine washable

Blue Spruce Dark Charcoal Pale Camel

Fleece Jacket

We pioneered the Field Coat back in 1924. Seventy-seven years later, we're updating it again with soft Polartec® 300 thermal control BiPolar polyester fleece. We chose this fleece because it's lightweight and nonbulky, with a Teflon® finish to keep you dry. Turn-back collar and cuffs in contrasting deep pile fleece. Ultrasuede trim. Deep patch pockets. Relaxed fit layers over a midweight sweater. Designed to fall below hip. USA. Machine wash and dry.

Women's Polartec Aircore-200 Jacket

The softest fleece on earth — exclusively at Lands' End.

- New Polartec Aircore-200 is soft as cashmere
- Warmer than original Polartec 200
- Polartec Aircore retains its good looks wash after wash
- Water-repellent DriOff finish beads up light rain and snow

The softest fleece on earth — exclusively at Lands' End. Polartec® Aircore-200™ raises the bar in performance fleece. Aircore provide the lightweight warmth you've come to expect from Polartec, even better. Using patented microchannel fiber construction, Aircore as cashmere. It's 10% warmer than original Polartec 200 fleece. It's compressible, taking up less space in your bag, and bounces back to This fleece fears no washing machine. Expert brushing on both sides matting and pilling, keeping its good looks for the long haul. This fabric was developed for Lands' End®; you won't find it anywhere else.

Our Jacket goes above and beyond to keep you warm. The stand-up replaces the need for a scarf. Lycra®-spandex-bound cuffs fit comfortably on wrists. We've added two zip pockets to hold all your whatnots. The draw hem adjusts to your size. Plus, the DriOff™ water-repellent finish lets mist and snow just bead up and roll off, instead of soaking in. And it's repellent, too. Machine wash. Made in USA and imported.
