Dorm Refrigerators Official Reasons

I place this class of dorm refrigerators 2,1,4,3.

In the top of the class I place 2 over 1 because 2 has all of the desired criteria; costs less than \$150, is compact, has a vegetable crisper, and has a freezer. I grant that 1 cost less than 2 at \$99.99 but penalize it for not having a crisper and only having a half – width freezer.

In the middle pair I place 1 over 4, because 1 has more of the desired features. It costs less than \$150, is compact in space and has a half-width freezer. I grant that 4 has a full width freezer, but fault it for costing more than 2 and not having a crisper.

In the bottom pair, I place 4 over 3 because 4 costs less than the desired \$150. I grant that 3 does have a crisper, but again fault it for costing more than \$150 and not having a freezer.

Therefore I place this class of dorm refrigerators 2,1,4,3.
