

Spending Plan Intermediate

Jenny's spending plan shows that she wants to use her money in three ways.

Jenny wants to save some money. She also wants to give some to her church. Jenny needs some money for school supplies too.

Which plan would work best for Jenny?

Criteria for spending plan:

- **Save**
- **Church**
- **School supplies**

 Official Placing**

Placing: 4-1-2-3

Cuts: 2-4-3

I place this class of money 4-1-2-3.

In the top pair I place 4 over 1 because 4 meets all of the criteria of having money for saving, church and school supplies while 1 does not have money for school supplies.

In the middle pair I place 1 over 2 because 1 has money to save and for church while 2 only has money for church.

In the bottom pair I place 2 over 3 because 2 has money for church while 3 does not.

I criticize 3 and place it at the bottom of the class because 3 does not have money to save, for church or for school supplies.

For these reasons, I place this class of money 4-1-2-3.
