MAJORS

There are four areas of interest in which to major at Arts-In. Please rank your areas of interest, 1st, 2nd and 3rd.

_____ **Costume Major** - The costume crew will design and construct the garments worn on stage during Arts-In and maintain all Arts-In costumes throughout the State Fair. Costumers are required to supply sewing supplies (scissors, pins, etc.) and a sewing machine (if possible).

_____ **Harkness Stage Performers*** - Performers prepare a 30 minute musical presentation, which is performed 3 or 4 times each day at the State Fair. Performers are required to bring comfortable "work out"-type clothes/shoes and an audition piece for the first day. Number your areas of interest (1-3).

___ Drama ___ Dance ___ Vocal: S A T B (circle)

_____ **Instrumental Major*** - A small combo will provide music for the presentation. Instrumentalists are required to bring a music stand and an instrument (including needed accessories). Please indicate your instrument. The combo will include:

___ Drums ___ Guitar (specify by circling: Bass/Acoustic/Electric) ___ Keyboard
___ Wind Instrument (specify: _____) ___ Other Instrument (specify: _____)

_____ **Technical Theater** - Techies will design and construct the Harkness stage set and set pieces for the performance. Skills in sound and lighting techniques are gained during Arts-In and shared throughout the 4-H building during the State Fair. Techies may be asked to supply their own basic tools (hammers, etc.). Check your areas of interest:

___ Lighting ___ Sound ___ Set painting ___ Set construction

***Harkness and Instrumental Participants will be asked to provide key costume pieces or be charged an additional costuming fee of \$25 to be collected after final major lists are sent out. Participants will be notified the beginning of July regarding this.**
