In 2009, the Minnesota State Fair does NOT conflict with most of the Minnesota school start dates. While we hope all Arts-In participants are available for the duration of the fair, we will consider excusing participants for reasonable school conflicts. However, we do want everyone to have the best Arts-In experience possible so if there are too many conflicts, you may not participate. Please read the following scenarios and indicate which applies to your personal situation. This information may be used to determine which major you are placed in, in addition to the extent of your involvement (the amount of solos you have, etc.) within your major. Please finalize your schedule (find out the day you need to return to school, go to orientation, etc.) before submitting this form. Announcing conflicts later on is highly discouraged. Your completed Time Commitment Form should be attached to the Registration Form and is due by **June 19, 2009**.

**\*\* Please remember - NO conflicts are accepted for the week of August 13-20, 2009.**
